MHPN WEBINAR

The Effects of Adverse Experiences on Children

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:	
Date completed:	
Activity Name:	The Effects of Adverse Experiences on Children
Learning outcomes	• define the key characteristics of adverse childhood experiences, their prevalence and their impact on children in Australia • identify evidence-based effective co-ordinated practice for early intervention and prevention for children who have or are experiencing ACEs • implement strategies to support parents and children to make sense of adversity in order to promote resilience and recovery.
Time spent engaged in the activity:	(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:
   - Explore the topic further in a supervision session or with a peer/colleague
   - Identify and read the latest research
   - Undertake additional courses, study or training
   - Search MHPN's webinar or podcast libraries for more PD content
   - Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
