Activity Name:	Suicide prevention and the Veteran community
Learning outcomes	Through a facilitated panel discussion of a vignette, this webinar provides the opportunity to: • better recognise the risk indicators, warning signs and protective factors for suicide in the veteran community • describe the supports and resources which are most effective in supporting veterans and their families, partners and children impacted by suicide and/or attempted suicide • increase confidence in supporting the families, partners and/or children of veterans who have experienced suicide and/or attempted suicide.
Time spent engaged in the activity:	(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:
   - Explore the topic further in a supervision session or with a peer/colleague
   - Identify and read the latest research
   - Undertake additional courses, study or training
   - Search MHPN's webinar or podcast libraries for more PD content
   - Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
